Lawyers from Kiev Region ask for help

When the war in Ukraine started, on February 24th, 2022, Kiev region was the main target. The capital of Ukraine defended itself, but at a huge price of massive destruction and atrocities for Bucha, Irpien, Makarov, Borodianka and other Kiev suburbs.

Kiev Regional Bar Council, is one of the most important bar associations in Ukraine. It has more than 10.000 members - lawyers who have their homes, offices, and clients in this region. In result of the war, many lawyers and their loved ones lost their livelihood, were forced to evacuate, and now have no home they can come back to and no resources to rebuild. They need to start from scratch.

Many of those lawyers asked the Kiev Regional Bar Council for material help. Faced with the overwhelming scale of the destruction and the urgent need for assistance, on June 16th 2022 Kiev Regional Bar Council decided to establish a foundation dedicated specifically to bringing aid to Kiev region lawyers. This foundation was created on behalf of the Kiev Regional Bar Council, by its President Petro Boyko.

We kindly ask you to show solidarity with the plight of Kiev region lawyers and to donate to Charitable Organization «Charity Foundation for Aiding Advocates Kyiv Region», registered under 44872860.
