Annual Conference on European Public Procurement Law 2023

Trier & Online, 30-31 March 2023

Objective:

This year's conference is aimed at providing legal practitioners with a comprehensive update on the most recent developments from the European Commission and the Court of Justice of the EU in the field of EU public procurement law. Special attention will be paid to the practical issues and challenges faced by the participants in the procurement process. A focus will also be placed on procurement by EU institutions and bodies.

Key topics:

- Latest policies and initiatives of the European Commission
- The new Regulation on foreign subsidies
- Practical guidance for procurement professionals
- Implications for procurement of EU sanctions against Russia
- Sustainable procurement
- Notable judgments of the CJEU in the field of public procurement law
- Procurement by EU institutions and bodies
- Who should attend?
- Ministry officials and other civil servants dealing with public procurement matters, lawyers in private practice and in-house counsel.
