# Oferta pracy na stanowisko Lead Lawyer

**Lead Lawyer**

Location Cracow
Kraków
Offer description

Ardigen enables AI transformation for biotech and pharmaceutical companies to leverage the full potential of data. The company delivers value at the intersection of biology and computational methods to increase the likelihood of success and accelerate the drug discovery process. With our platforms based on advanced algorithms and state-of-the-art technology, we help researchers get scientific insights from a large amount of data, leading to new discoveries and breakthroughs in fields such as personalized medicine and drug development.

**Let's grow together & code against cancer!**

We are seeking a **Lead Lawyer** to support Ardigen's global biotech and pharma operations. In this role, you'll manage key legal areas, including **commercial contracts** (Master Services Agreements, licensing agreements), **intellectual property** , and **corporate law** . You'll also provide legal support for our U.S. entity, ensuring compliance and advising on contract negotiations, RFPs, and legal risks. If you have experience in international law and a passion for biotech, this is a unique opportunity to shape legal strategies in a cutting-edge industry.

Key responsibilities

- Preparation and review of all legal documents related to the company's day-to-day operations ( **e.g., Master Services Agreements, licensing agreements, corporate documents, incl. company's policies and guidelines, framework cooperation agreements** )
- Legal advisory expertise including drafting letters and legal opinions on intellectual property rights issues, corporate law, and employment matters
- Providing legal support for **Ardigen's U.S. entity, including compliance with local regulations**
- Assisting the sales department with **contract negotiations and ensuring legal compliance** with Ardigen's global commercial activities
- Advising on legal matters related to international business operations
- Analyzing proactively any legal issues that might have an impact on the Company's business or operations, **assessing commercial risks, and appropriate mitigations, presenting clear recommendations to the stakeholders and the management, and assuring legal compliance**
- Review **proposals** , assist in preparing proposals, and assist in responding to tenders, RFP's etc.

Requirements

- **Master's degree in law** (mandatory)
- At least **3 years of experience** as a **lawyer in a law firm or legal department (mandatory)**
- Fluent command of **spoken and written English,** including legal English at a minimum C1/C2 level – 95% of the work is conducted in English (mandatory)
- Knowledge and experience in applying **IP law, commercial/corporate law, civil law, and labor law**
- Interest in life sciences is an added advantage
- Ability to work independently and solve complex legal issues
- A diligent, reliable, flexible, and meticulous approach to responsibilities
- Initiative and a proactive attitude

Benefits and perks

- Flexible working hours
- Employee Stock Option Plan
- Mental health support (HearMe Platform)
- English classes
- Funding for professional development, training, and internal mentoring program
- The opportunity to not just code, but to code with a purpose to make a difference - making a meaningful impact through your daily work **#CodeAgainstCancer**
- Private medical care
- Multisport card
