We're now recruiting for 2011/2012!

Formal requirements are not high.

You can enroll if you are:

- a student of any Polish or a foreign University, under the condition that you have already completed at least two years of the studies,

or

- a graduate of any Polish or a foreign University.

You will waste your money on the tuition fees, however, if you are not committed enough or if you are insufficiently capable of using what the School offers to its students.

The deadline is October 15, 2011.
