Webinarium: “Exploring the role of lawyers in relation to whistleblowing in the European Union” - 29.11.2022

Szanowni Państwo,

European Lawyers Foundation zaprasza na webinarium: “Exploring the role of lawyers in relation to whistleblowing in the European Union”. Wszystkie szczegóły w treści komunikatu poniżej oraz w załącznikach.

Dear colleagues,

As you know, in 2022 we have held a series of webinars on different topics of relevance for Bars and lawyers. The last webinar dealt with surveillance and the impact of modern spyware on fundamental rights, and it was attended by 936 lawyers.

We are preparing now the last webinar of 2022 (in cooperation with the European Center for Whistleblower Rights), which will be dealing with “Exploring the role of lawyers in relation to whistleblowing in the European Union”.

As it was the case with the previous webinars, this one is free of costs, so we would appreciate if you could disseminate it through your Bars, so we reach a wide audience of lawyers. The programme already contains the link that lawyers need to use to register themselves for this event.

We will not issue certificates but, if your Bar wants to recognize this training, we can provide your Bar with the list of participants and the time they have been connected to the webinar.

All the best,

Alonso HERNÁNDEZ-PINZÓN

Managing Director
